RE: JPMorgan Chase TransitBenefit Program

In an effort to improve the customer service provided to participants of the TransitBenefit Transportation Spending Account (TSA) Program, JPMorgan Chase (JPMC) has mailed new TSA Cards to all current TransitBenefit participants.

The new TSA Cards were mailed during the first week of June and has been updated with a new 24/7 TSA Customer Service toll-free telephone number (1-866-399-1494).

Please activate the new TSA Card immediately. The old TSA Card expires upon activation of the new TSA Card. All old TSA Cards will expire automatically on Monday June 30, 2008 regardless of whether or not you have activated your new card.

This change will not affect your account balance or your account number.

If you have not yet received your new TSA Card, or if you have any questions or concerns, please contact your College Benefits Representative.

Thank you for your participation in the TransitBenefit Transportation Spending Account Program.
